### PORTFOLIO VALUE

Retirement account cost and net change information is provided for informational purposes only and should not be used for tax-reporting purposes. Such information is provided to help you estimate and track the change in market value of each position relative to your investment into this security (not including reinvestments). NFS makes no warranties with respect to, and specifically disclaims any liability arising out of your use of, or any position taken in reliance upon, NFS-provided cost and net change information.

**LIMITATION ON COST INFORMATION:** NFS's cost information system has a cumulative lifetime limit on how much activity it can track for each individual security position in an account. For this purpose, each buy, sell, dividend, stock split, stock merger, etc. is an event. For some customers, this limit will be reached with approximately 1500 events. Upon reaching the limit, the system no longer displays or tracks cost information for the affected position, and such information will usually show as not available or unknown. Once the limit is reached, all cost information for the affected position will need to be tracked and updated by you, the investor.

Mutual Funds, Annuities, and other investment products are not insured by the FDIC or any other government agency, are not deposits or obligations of, or guaranteed by, Merrill Lynch or any affiliate, and are subject to investment risks, including possible loss of principal invested.

11. Required Minimum Distribution for 2008 - Yes

### You May Need to Take a Distribution from Your IRA

Our records indicate that you will be 70 ½ or older in 2008. Once you reach age 70 ½, the Internal Revenue Service (IRS) requires that you take a Required Minimum Distribution (RMD) each year from your IRA(s). You are required to begin withdrawals by April 1st of the year following the year you turn 70 ½, and complete all subsequent withdrawals by December 31 every year thereafter. An RMD must be calculated separately for every IRA you may own, but you can take a distribution for the combined RMD amounts from any IRA you own. Generally, these rules do not apply to Roth IRAs, during your lifetime, and to IRA Beneficiary Distribution Accounts (IRA-BDAs).

If you would like National Financial Services (NFS), as agent for Fidelity Management Trust Company, to calculate your RMD for the IRA account noted on this form, or if our records are incorrect, please contact your investment representative.
